Playoff Procedures – Bill Busch

- See attached “Guide for Officials”
- If game goes to penalty shots to determine a winner:
 - Trail official stays with the teams and non-shooters, the lead administers the kicks.
 - Team members not in the group of 5 shooters can stay on the field, behind the mid field line, outside the center circle.
 - Group of 5 shooters wait within the center circle, in front of the mid field line.
 - If there are only 9 players eligible to participate, the 10th kicker can be from the first grouping.

Rules Interpretation - Bill Busch

- Don't make a call out of your zone that is in your partner's primary area.
 - Example: lead calls goal kick; partner (trail) whistles corner kick.
 - Only help if partner gives you an indication he needs help.
- Don't socialize with coaches before, during halftime or at the end of the game.
 - Both officials should greet the coaches together and then move to a neutral area.
- Staying for after-game handshake
 - Mechanics state the officials leave the field after confirming the score. It does not state when that confirmation has to be done.
 - Confirmation of score can happen before or after handshake.

Sportsmanship ballots due by 11/1/09. Send ballots to Klaus Mueller – **NO EMAILS**
